## TERMS AND CONDITIONS

These Terms and Conditions are incorporated by reference and form an integral part of each proposal or agreement between CABLE LINKS CONSTRUCTION GROUP, INC. ("CABLE LINKS") and the party for whom the Work is to be performed ("CLIENT"). The portions of each proposal or agreement relating to "Scope of Work" or "Proposed Solution" (in either case "Scope"), together with these Terms and Conditions, are collectively referred to as the "Agreement".

### Article 1: General

- 1.1 (a) The Agreement, when accepted in writing by CLIENT and approved by an authorized representative of CABLE LINKS, constitutes the entire, complete and exclusive agreement between the parties relating to the services ("Services") and the equipment ("Equipment") to be provided by CABLE LINKS as described in the Scope (such Services and Equipment collectively referred to as "Work") and shall supersede and cancel all prior agreements and understandings, written or oral, relating to the subject matter of the Agreement. The Agreement and any rights or obligations there under may not be assigned by either party without the prior written consent of the other, except that either party may assign this Agreement to its affiliates and CABLE LINKS may use subcontractors in the performance of the Work.
- (b) The terms and conditions of this Agreement shall not be modified or rescinded except in writing, signed by a corporate officer of CABLE LINKS. CABLE LINKS' performance under this Agreement is expressly conditioned on Client's assenting to all of the terms of this Agreement, notwithstanding any different or additional terms contained in any writing at any time submitted or to be submitted to CABLE LINKS by CLIENT relating to the Work.
- (c) The terms and conditions set forth herein shall supersede, govern and control any conflicting terms of the Proposed Solution or the Proposal.
- (d) Nothing contained in this Agreement shall be construed to give any rights or benefits to anyone other than the CLIENT and CABLE LINKS without the express written consent of both parties. All obligations arising prior to this Agreement and all provisions of this Agreement allocating responsibility or liability between the parties shall survive the completion of the Work and the termination of this Agreement.
- 1.2 This Agreement shall be governed by and enforced in accordance with the laws of the State of California. All claims or disputes arising under this Agreement shall be litigated in the State, Commonwealth, or Province in which Services are being provided to CLIENT hereunder.

### Article 2: Work by CABLE LINKS

- 2.1 CABLE LINKS will perform the Work expressly described in this Agreement and in any work release documents or change orders that are issued under this Agreement and signed by the parties. The Work performed by CABLE LINKS shall be conducted in a manner consistent with the degree of care and skill ordinarily exercised by reputable firms performing the same or similar Work in the same locale acting under similar circumstances and conditions.
- 2.2 CABLE LINKS shall perform the Work during its normal working hours, Monday through Friday, excluding holidays, unless otherwise agreed herein.
- 2.3 CABLE LINKS is not required to conduct safety or other tests, install new devices or equipment or make modifications to any Equipment beyond the Scope set forth in this Agreement. Any CLIENT request to change the Scope or the nature of the Work must be in the form of a mutually agreed change order, effective only when executed by all parties hereto.
- 2.4 All reports and drawings specifically prepared for and deliverable to CLIENT pursuant to this Agreement ("Deliverables") shall become CLIENT's property upon full payment to CABLE LINKS. CABLE LINKS may retain file copies of such deliverables. All other reports, notes, calculations, data, drawings, estimates, specifications, manuals, other documents and all computer programs, codes and computerized materials prepared by or for CABLE LINKS are instruments of CABLE LINKS' work ("Instruments") and shall remain CABLE LINKS' property. To the extent specified in the Scope, CLIENT, its employees and agents ("Permitted Users") shall have a right to make and retain copies of Instruments except uncompiled code, and to use all Instruments, provided however, the Instruments shall not be used or relied upon by any parties other than Permitted Users, and such use shall be limited to the particular project and location for which the Instruments were provided. All Deliverables and Instruments provided to CLIENT are for Permitted Users' use only for the purposes disclosed to CABLE LINKS, and CLIENT shall not transfer them to others or use them or permit them to be used for any extension of the Work or any other project or purpose, without CABLE LINKS' express written consent. Any reuse of Deliverables or Instruments for other projects or locations without the written consent of CABLE LINKS, or use by any party other than Permitted Users will be at Permitted Users' risk and without liability to CABLE LINKS; and CLIENT shall indemnify, defend and hold CABLE LINKS harmless from any claims, losses or damages arising there from.
- 2.5 CABLE LINKS shall be responsible for any portion of the Work performed by any subcontractor of CABLE LINKS. CABLE LINKS shall not have any responsibility, duty or authority to direct, supervise or oversee any contractors of CLIENT or their work or to provide the means, methods or sequence of their work or to stop their work. CABLE LINKS' work and/or presence at a site shall not relieve others of their responsibility to CLIENT or to others. CABLE LINKS shall not be liable for the failure of CLIENT's contractors or others to fulfill their responsibilities, and CLIENT agrees to indemnify, hold harmless and defend CABLE LINKS against any claims arising out of such failures.

### Article 3: Responsibilities of CLIENT

- 3.1 CLIENT, without cost to CABLE LINKS, shall:
- (a) Designate a contact person with authority to make decisions for CLIENT regarding the Work and provide CABLE LINKS with information sufficient to contact such person in an emergency. If such representative cannot be reached, any request for work received from a person located at CLIENT's premises will be deemed authorized by CLIENT, and CABLE LINKS will, in its discretion, act accordingly;
- (b) Provide or arrange for reasonable access and make all provisions for CABLE LINKS to enter any site where Work is to be performed;
- (c) Permit CABLE LINKS to control and/or operate all facility controls, systems, apparatus, equipment and machinery necessary to perform the Work;
- (d) Furnish CABLE LINKS with all available information pertinent to the Work;
- (e) Furnish CABLE LINKS with all approvals, permits and consents from government authorities and others as may be required for performance of the Work except for those CABLE LINKS has expressly agreed in writing to obtain;
- (f) Notify CABLE LINKS promptly of any site conditions requiring special care, and provide CABLE LINKS with any available documents describing the quantity, nature, location and extent of such conditions;
- (g) Comply with all laws and provide any notices required to be given to any government authorities in connection with the Work, except such notices CABLE LINKS has expressly agreed in writing to give;
- (h) Provide CABLE LINKS with Material Safety Data Sheets that conform to OSHA requirements related to all Hazardous Materials located at the site;
- (i) Furnish to CABLE LINKS any contingency plans related to the site; and
- (j) Furnish the specified operating environment, including without limitation, suitable, clean, stable, properly conditioned electrical power to all Equipment; telephone lines, capacity and connectivity as required by such Equipment; and heat, light, air conditioning and other utilities in accordance with the specifications for the Equipment.
- 3.2 CLIENT acknowledges that the technical and pricing information contained in this Agreement is confidential and proprietary to CABLE LINKS and agrees not to disclose it or otherwise make it available to others without CABLE LINKS' express written consent.
- 3.3 CLIENT acknowledges that it is now and shall at all times remain in control of the project site. Except as expressly provided herein, CABLE LINKS shall not be responsible for the adequacy of the health or safety programs or precautions related to CLIENT's activities or operations, CLIENT's other contractors, the work of any other person or entity, or CLIENT's site conditions. CABLE LINKS is not responsible for inspecting, observing, reporting or correcting health or safety conditions or deficiencies of CLIENT or others at CLIENT's site. So as not to discourage CABLE LINKS from voluntarily addressing health or safety issues at CLIENT's site, in the event CABLE LINKS does address such issues by making observations, reports, suggestions or otherwise, CABLE LINKS shall not be liable or responsible on account thereof.
- 3.4 CLIENT is solely responsible for any removal, replacement or refinishing of the building structure or finishes that may be required to gain access to the Work.
- 3.5 CLIENT shall properly dispose of all ballasts, mercury bulb thermostats, used oil, contaminated filters, contaminated absorbents, refrigerant and any other Hazardous Materials that at any time are present at CLIENT's premises, in accordance with all applicable federal, state, and local laws, regulations, and ordinances.

### Article 4: Changes; Delays; Excused Performance

- 4.1 As the Work is performed, conditions may change or circumstances outside CABLE LINKS' reasonable control (including changes of law) may develop which would require CABLE LINKS to expend additional costs, effort or time to complete the Work, in which case CABLE LINKS will notify CLIENT and an equitable adjustment will be made to CABLE LINKS' compensation and time for performance. In the event conditions or circumstances require the Work to be suspended or terminated, CABLE LINKS shall be compensated for Work performed and for costs reasonable incurred in connection with the suspension or termination.
- 4.2 CABLE LINKS shall not be responsible for loss, delay, injury, damage or failure of performance that may be caused by circumstances beyond its control, including but not restricted to acts or omissions by CLIENT or its employees, agents or contractors, Acts of God, war, civil commotion, acts or omissions of government authorities, fire, theft, corrosion, flood, water damage, lightning, freeze-ups, strikes, lockouts, differences with workmen, riots, explosions, quarantine restrictions, delays in transportation, or shortage of vehicles, fuel, labor or materials. In the event of such delay or failure, the time for performance shall be extended by a period equal to the time lost plus a reasonable recovery period and the compensation shall be equitably adjusted for additional costs CABLE LINKS incurs due to such delay.

## SUMMARY OF EFFORTS TO IDENTIFY DBE, MBE, AND WBE SUBCONTRACTOR'S

---

1. On 10/30/2016 @ 8:43 AM I Got onto the internet and visited the Small Business Administration website ([www.sba.gov](http://www.sba.gov)). I searched the site looking for a list of potential certified DBE, MBE, and WBE Subcontractor's. I found no such list on the SBA website so next I decided to try and find the contact information for the local SBA Assistance Office in the Fresno area. I searched all of the site pages and found the contact information for the local Fresno District SBA Office staff and printed it. I plan to call the Administration Office to find out whom I need to talk to about finding local potential minority Subcontractor's certified as a DBE, MBE, or WBE firm.
2. On 11/1/2016 @ 1:28 PM, I Visited the Minority Business Development Agency website ([www.mbda.gov](http://www.mbda.gov)). I searched the site looking for a listing of potential Minority Subcontractor's or a way to search a database full of certified minority Subcontractor's however, was not able to find any sort of search or list on the site. I decided to try and find the contact information for any local MBDA Office that might be in the area. I found the look for location page and after entering our location a map came up with a few local office locations. I selected the closest office location and clicked on the Contact Information tab. I printed out the contact information for the local MBDA office site. I will use the contact information to call the local office to try and get further help on identifying Certified Minority Subcontractor's in our local area.
3. On 11/1/2016 @ 3:20 PM I went on to the Google search site online, and typed in "California DBE, MBE, and WBE Subcontractors" in the search bar. I then went through the top ten websites looking for any potential Minority Subcontractor's but I was not able to find any new contacts that I didn't already have on my Minority List.
4. On 11/2/2016 @ 4:27 PM I decided to go ahead and visit the California Department of Transportation website ([www.dot.ca.gov](http://www.dot.ca.gov)). I started searching around the site looking for a list of potential minority subcontractor's. I found a reference to a list on the Business Enterprise Program page of the website. I clicked on the CalCert Database link and was taken to a page where I could run a search query for certified minority Subcontractor's. I began entering the pertinent information into the search form and ran multiple searches for minority subs. I was able to search and find the contact information for many qualified and certified local minority DBE, MBE, and WBE Subcontractor's. I printed the list containing the contact information for certified minority subcontractor's that I could solicit for an estimate. I will use this printed list to solicit to Subcontractor's in the area on the list that are capable of completing the scopes of work that we will be subcontracting out on this project. Updated my current DBE list to include new listings and to delete those not currently in business or qualified to be a DBE subcontractor.

All materials will be tested at our production site because we have no control of product integrity after it leaves our plant. We will not be liable for any testing on the job site.

Our equipment is the same as yours. It is all nuts and bolts and subject to breakdown. Naturally, we will try to maintain our equipment to obtain peak performance, but it is still nuts and bolts. Therefore, we cannot guarantee production rates or be liable for any incurred job delays or costs in the event of plant breakdown.

All orders should be set up through our office 48 hours in advance. We will do our best to serve you in a pinch, but 48 hours notice would be better. Cancellation will be charged at \$1650.00 per day

Our plant personnel will not take messages pertaining to your order from truck drivers. You will need to stay in contact by phone or written communication. We have experienced too much confusion in the past.

Unless we can sell it to someone else, you will be billed for what you order whether you take it or not. Therefore, be careful what you order and stay in contact with the plant. The more advance notice and communication our plant personnel receive, the better they can keep your trucks moving. Thank you.
